

Summer 2020 Newsletter

Well, this is certainly not the summer any of us had planned! But we're so excited to be open for business once again, with the safety of all of our staff and guests as our top priority. You will find social distancing, cleaning/sanitizing protocols in place, and limited visitor capacity. But you'll also find all our fabulous staff hard at work and ready to greet & assist you in finding all your crafting supplies.

Unfortunately, due to capacity limitations, Club 50+, classes and our Tent Sales have been cancelled for this year. However, crafting has not been cancelled, great customer service has not been cancelled, and smiling, friendly faces have not been cancelled. You'll find all that and more at our retail store!

While we were closed we were still hard at work, rearranging the store to make it safe for reopening, and filling the shelves with everything you need for a summer stay-cation! We have expanded our clearance room and filled it to the rafters with great deals on yarn and many of our models for sale. We have also packed the clearance aisles with lots of bargains.

So, while many things are cancelled this summer, we hope you will take some time to visit us, we are waiting to welcome you back!

Stay well and we hope to see you soon!
